

Maintenance and Care of Wetline Products

Wetline should be cleaned with a clean dry or damp cloth. If necessary one of many common household cleaners, such as glass cleaners, can be used. The cleaning solution should be applied and wiped dry immediately.

No cleaning solution should be left to stand on the board for an extended period.

Harsh cleaners with glycol ethers or ethanol type solvents and/or isopropyl alcohol can soften the board coating if left on for as little as several minutes (product dependent) and as such should be used cautiously or avoided totally.

Citrus cleaners, abrasive cleaners and solvents such as acetone, paint stripper and lacquer thinner are NOT recommended for cleaning.

Warranty of Wetline Products

Cowdroy warrants its products to be free from defects in material and workmanship for a period of seven (7) years from date of purchase.

This warranty is limited to Cowdroy's option to the repair, or the replacement, of any products proven to be faulty in manufacture or materials, with the same or equivalent product, free of charge.

Labour charges, transportation and other costs associated with the replacement or re-installation of the parts or product are excluded from this warranty and will not be paid for by Cowdroy.

H.M. Cowdroy Pty Ltd. assumes no liability under the warranty for the following:

- Misuse, abuse, accidental or intentional damage
- Improper adjustment or operation by the installer or end user
- Improper maintenance or installation
- Inaccurate or incorrect site or operational specifications
- Unauthorised repair or modification
- Used contrary to Cowdroy recommendations
- Use of replacement parts other than Cowdroy authorised parts
- Corrosion related damages when used in a corrosive environment or corrosion caused by cleaning related agents
- Whilst some of our product finishes are warranted against tarnish, they shall not be covered for deterioration caused by damage to the protective layer through general wear & tear

To the extent permitted by law, this warranty is the exclusive warranty granted by H.M. Cowdroy Pty Ltd. and is in lieu of all other expressed or implied warranties and guaranties. There are no implied warranties as to the merchantability, quality or fitness for purpose. In all other respects the Standard Terms and Conditions of Cowdroy products apply.

Wetline and Signline are manufactured as raw materials in a white finish. The tone of white can vary between batches and is influenced by many factors, i.e. the PVC raw material, the percentage of CaCO₃*, temperature, storage, formulation, machine run-out time etc.

All Cowdroy products must be installed in compliance with the instructions provided with the relevant products; failure to comply with the installation instruction and our recommended maintenance procedures may void the warranty.

***CaCO₃: Calcium Carbonate.** A chemical compound commonly found in rock all over the world. Calcium carbonate is commonly used in the construction industry as a raw/primary substance for building materials. (Source: wikipedia.org)
